

Toll Transitions receives 'Commitment to Excellence - Platinum Award' at Cartus 2011 Global Network Conference

Toll Transitions was recently honoured again for its outstanding performance at the Cartus Corp.'s 2011 Global Network Conference held October 10-12 in Denver, CO. Cartus Global Network is Cartus' industry-leading worldwide destination service provider network. Each year, Cartus recognizes the companies and individuals in the Network who have provided extraordinary service to its' international customers and clients.

This year **Toll Transitions** was awarded the Global Network *Commitment to Excellence* Platinum Award for its exceptional service results. This award recognizes a supplier's measureable commitment to excellence and is presented to Global Network service providers who have distinguished themselves by achieving critical performance metrics in our highest Commitment to Excellence category. This adds to Toll Transitions' Silver Awards from 2008 & 2009.

"Service providers such as Toll Transitions routinely go above and beyond for our customers and our company, while at the same time demonstrating unparalleled dedication and performance," said Traci Morris, Cartus executive vice president, global operations and supply chain management. "As a vital extension of the Cartus team, we encourage our Global Network providers to be innovative and have created a forum for them to be recognized and share best practices. This award acknowledges the superior quality and professionalism that we have come to value from our service providers."

"Receiving a Platinum award from Cartus is the highest honour because the program's criteria and performance standards are so rigorous," said Sue Latina-Cohen, Global Manager Corporate Mobility Services. *"We are proud of our partnership with Cartus which spans over 11 years and share their dedication to providing high-quality service. We are delighted to have received this prestigious designation, which further demonstrates our commitment to world-class service."*
